Summary

iOS Developer with 2+ years of professional experience shipping and maintaining 10+ production applications across e-commerce, real estate, and property management domains. Proficient in Swift, SwiftUI, UIKit, and MVVM architecture, with practical experience integrating RESTful APIs (URLSession, Codable), concurrency (async/await, GCD), real-time features (Pusher, Firebase), and automated releases via Xcode Cloud and TestFlight.

Experience

Junior iOS Developer — Systemira (New Damietta, Egypt) Nov 2024 – Present

- Delivered 10+ production iOS applications across e-commerce, real estate, and property management domains using Swift and SwiftUI.
- Architected scalable features utilizing MVVM architecture, ensuring modular code structure, clear separation of concerns, and reusable UI components.
- Integrated RESTful APIs using URLSession and Codable; implemented Swift concurrency (async/await, GCD), caching, pagination, and Universal Links.
- Managed local persistence using UserDefaults and Keychain; automated continuous integration build distribution and releases via Xcode Cloud and TestFlight.

iOS Developer Intern — Systemira Aug 2024 – Oct 2024

- Built a Crypto Tracker application integrating cryptocurrency market data APIs and reactive state management using SwiftUI and Combine.
- Collaborated daily within an Agile sprint cycle via Git (GitHub, Bitbucket), applying UI development, state management, and API integration concepts.

Production Projects (Systemira)

Delta Capital — Residential Compound Platform | App Store

- Created a residential compound management application enabling residents to access essential services through a unified digital platform.
- Implemented 4 core modules — service requests, marketplace access, visitor/delivery gate management, and resident communication.
- Built a community feed with pagination and caching, supporting post creation, comments, and resident engagement within the compound.

Alheba — Grocery E-Commerce Platform (13K+ Installs) | App Store

- Supported the maintenance and restructuring of a grocery e-commerce app with 13,000+ installs.
- Overhauled UI components and refactored legacy shopping and cart flows for long-term maintainability.

Aqarify — Real Estate CRM Platform | App Store

- Developed a real estate CRM platform using VIPER architecture for brokers, clients, and reservation management.
- Implemented 3 core CRM modules — client management, property tracking, and reservation workflow.
- Integrated backend services and RESTful APIs to support reliable data synchronization and business operations.

Kamco — Real Estate Bidding & Auction App | App Store

- Built an apartment sales management application within a real estate platform.
- Designed real-time auction and bidding functionality using Pusher, enabling live offer updates and dynamic bidding experiences.

Pioneer — Legal E-Learning Platform (Client App)

- Developed an e-learning application providing law students with structured access to educational content and course materials.
- Integrated subscription-based payment functionality to support premium content access and recurring purchases.
- Executed 3 core learning features — content playlists, assessments, and progress tracking.

Skills

- **Languages:** Swift
- **iOS Frameworks & UI:** SwiftUI, UIKit, Combine, MapKit, Auto Layout, Localization, Universal Links
- **Architecture & Design:** MVVM, VIPER, Clean Architecture, SOLID Principles, async/await, GCD, OOP
- **Networking, Data & Storage:** RESTful APIs, URLSession, Codable (JSON Parsing), Caching, Pagination, UserDefaults, Keychain, Pusher (WebSockets)
- **Tools, Testing & CI/CD:** Xcode, Xcode Cloud, Swift Package Manager (SPM), Git (GitHub, Bitbucket), Firebase (Auth, Remote Config, Push Notifications, Firestore), TestFlight, App Store Connect, Unit & UI Testing (XCTest, XCUITest), Postman, Figma

Education

Bachelor's in Computer Science Oct 2021 – Jun 2025

Faculty of Computers and Artificial Intelligence, Damietta University, Egypt

Languages

- Arabic: Native | English: Full Professional Proficiency
